

CHURCHES

"GO TO CHURCH SUNDAY!"

Church notices, to be assured of publication, should be in the Herald-News office before 10 a. m., Tuesday. Every effort is made to publish them all, but occasionally when they are late it is impossible.

CHRISTIAN SCIENCE CHURCHES

Is the Universe, including Man, solved by Atomic Forces? This question is the subject of the Lesson-Sermon on Sunday, December 19, in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text is from Deuteronomy: "Behold, the heaven and the heaven of heavens is the Lord's thy God, the earth also, and all that therein is." Among the Scriptural passages in the Lesson-Sermon are these from I. Chronicles: "Thine, Lord, is the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as far above all. Both riches and honor come to thee from heaven, and thou art over all; and in thine hand is power and might; and in thine hand it is to make great, and to give strength unto all. Now therefore, our God, we thank thee, and praise thy glorious name." One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "God creates and governs the universe, including man. The universe is ruled with spiritual ideas, which evolve, and they are obedient to the Mind that makes them."

CENTRAL EVANGELICAL CHURCH

Marcelina at Arlington. O. D. Foster, minister. Sunday school at 9:45 a. m. W. E. Bowen, superintendent. Morning worship at 11 o'clock. Sermon, "The Joy of Christmas-tide."

Sister Grace Denny in charge.

Will Has Odd Clause

STAUNTON, Va. (U.P.)—Will of the late James E. Duff provides that any heirs who use any of the funds inherited from his estate for the purchase of whiskey shall forfeit all further claims to their shares in the property.

Out-Door Lights Enhance Season's Cheer Locally

Christmas cheer, Christmas lighting and Christmas songs are coming to Los Angeles county with a surge this year. Reports from various localities are to be credited. Especially is this true of Christmas lighting out-of-doors. Plans are well under way to have two lights shine this year where one shone before, according to the Torrance Chamber of Commerce.

Practically everyone who had lighted outdoor Christmas trees last year has the same strings of lights that can be used again this year. Many others will provide themselves with lights for the first time for the coming Christmas week. The result will be an illumination that will set the community ablaze with Christmas cheer on a scale never before witnessed.

Many families that had no suitable tree available for lighting have, during the past year, had one set out on the front lawn. Others have found that patios and porches, to say nothing of windows, can be framed with lights to good effect. Wherever the lights may be placed they will add just that much to the program of Christmas out-of-door lighting.

Investigation shows that the expense is small. The strings of lights may be saved from year to year, and the cost for additional current, even if the lights are burned six hours a night for a week, is trifling.

Everything points to a brilliantly lighted Christmas in this city this year.

Odd Accident Injures Farmer. MARION, Ind. (U.P.)—John Corn, 77, Powerton, is in a local hospital here because a horse bit the cow he was milking. The cow jumped away from the horse, knocking Corn to the ground. He was bruised badly.

Taxpayers Told To Keep Balance In Bank Accounts

Tax Collector Says Some Checks Won't Be Cashed Until End of January

Local residents who paid their current taxes by check and through the mails, are advised by County Tax Collector W. O. Welch to keep sufficient cash in the bank during most of January to cover the tax amounts as the checks possibly won't be cashed until that time.

Approximately \$30,000 in tax payments from residents throughout the county are provided in checks sent to the tax collector's office through the mail, said Welch, who pointed out that the huge amount of letters have been stacked in the vault of his office and clerks will not get around to open some of them until the latter part of January.

The total number of letters received, said Welch, totals around 63,000. A corps of 100 special clerks are now busily engaged in opening the letters, tabulating the amounts and attending to various other detail in connection with the payments.

Clerks were curiously surprised when in opening one of the letters they found a faded and torn one-dollar bill of the 1905 vintage and a note from the sender that he had been saving it "for a rainy day."

Named State Secretary. CONCORD, N. H. (U.P.)—Mrs. Mary Minot Jenkins, 24, has been named deputy secretary of state, and is the first woman to hold that office in New Hampshire.

Beer Barrel Sent Roosevelt. ST. LOUIS, (U.P.)—A genuine beer barrel—empty—has been sent President-elect Roosevelt, accompanied by a letter setting forth that the return of beer would mean \$200,000,000 annually to the cooperage industry of America.
